REFERENCES: [] 2260, 17 June 1960

1. Reference was noted with interest. In view of Subject's background activity as UPHILL's V-7902, we suggest that if Munich Base has no objection, they trace Subject with UPHILL making specific reference to his V number if necessary. If a specific reason for the trace is necessary it could be attributed to his high and unexplained income. It is conceivable that [] might want to query @ WINTERSHED or @ BROCK directly. In any event we would like to determine whether UPHILL is aware that Subject is in the Sudan and whether they have any current interest in him. If possible Subject is in the Sudan at UPHILL instigation, any information you are able to elicit in regard to their activities there would be appreciated.
2. In tracing Subject with UPHILL, please leave the source of our information as vague as possible, possibly making reference to another American office or some such terminology.
3. [] UPHILL is the new designation for the organization referred to in paragraph 1 of referenced dispatch.
