Dr. Marcioni, from Ascona, had had his admission visa revoked, because he had provided rich Fascists with Swiss citizenship papers by means of forged documents. Dr. Marcioni is known to every inhabitant of Ascona as an acceptor of bribes, a black-mailer for money and a pander.

Two weeks ago impelling strong pressure reinstated Dr. Marcioni in his office and honours because Sgra. Celio was very much interested in having this matter hushed up.

In a western Swiss bank are deposited 45 millions of stolen money which the Nazi leaders have drained from the German people. They are deposited in the name of Michel Clean (an Armenian). The Reichsbank President, Walter Funk, is stopping at the Hotel Savoy in Zurich, as well as Mr. Alfred Kurzmeyer, who recently had a million transferred from the Swiss Credit Bank to the Overseas Bank in Barcelona.

The customary trick of transferring property to the wife's name, with a security clause in case of divorce, is being energetically carried on.

Lieutenant Krupp von Bohler-Halbach has taken additional millions in stocks and money to Consul Jacopo Carlos Ahlers in Santa Cruz, Teneriffa, the latter at present being the fence for enormous property values and valuables (gold, pearls, jewels).

Prince Louis Ferdinand, son for the former German Crown-Prince, and his wife, the Russian Grand Duchess Kyra, have vanished since the conquest of Elbing.
