1. Forwarded herewith are photographic copies of various letters and telegrams sent to Marquis Emilio Domingo DE MISTURA by (Doctor) Kurt SWRANGEL, Vienna. The originals were received from DE MISTURA through the local Military Attache's office.

2. Comment: Perhaps an indication of the shady past of DE MISTURA may be the fact that on the back side of one of the telegrams from SWRANGEL is written--in DE MISTURA's handwriting--the name of the notorious Michael OLLIAN. This fact has been taken up with the Military Attache, who will attempt to learn of DE MISTURA's association with OLLIAN.
