SYNOPSIS OR BRIEF REPORT:

1. We have been asked by the Swiss Federal Police if it would be possible to have traces on the following men:
2. Von SCHILLING (Freiherr): German. Ca. 36 to 38 years old. Former chief editor of the "Niederdeutscher Beobachter". Von SCHILLING was described as being a GIS agent and a protégé of Rudolf HESS. He frequently visited HITLER and worked closely with the Ministry of Propaganda. He was reported to be Fritz THYSSEN's liaison man in 1940 and another source connected him with General NICOLAI. The Swiss believe that he played an important part for the Germans in their activity in Switzerland. They would like to know what von SCHILLING's present status is and what the nature of the charges against him are.
3. BOMSKOV, Christian: Dane. Born 2 Dec. 1905 in Rishjarop (Denmark). Has a degree of doctor of philosophy but is a chemist by profession. Married to Marie née HOECK and at present residing at Nerrechausse 48, Aabenraa, Denmark. BOMSKOV studied medicine and chemistry in Kiel and Freiburg i/Br. According to his own statement he lived in Germany from 1922 to 1945. He worked as a chemist in "Promonta", a firm in Hamburg, from 1934 to 1937. From 1938 to 1943 he was employed in the surgical clinic of the Freiburg i/Br. University. He was head of the institute "Fischverwertung" in Weesermünde/Nordsee from 1943 to 1945. BOMSKOV is reported to have dual nationality, German/Danish, and to have been a member of the NSDAPN (North Schleswig Nazi Party) and also of the "Reiter-SS". He is also said to have had a "GOERING-passport". The Swiss would appreciate any information on BOMSKOV.

4. BOEHME, Georg: German. Born 29 July 1907 at Mainz. Engineer. Former German Consul in Davos, Switzerland. He organized the GIS activity in the Canton of Graubunden, Switzerland. He was controlled from Stuttgart. He recruited several Germans living in or near Davos for his IS work which resulted in these people being arrested and sentenced by the Swiss. On March 30, 1943 BOEHME fled to Germany and in the summer of 1946 the Swiss had word that BOEHME had been executed in Denmark. When inquiry was made through the Swiss diplomatic mission in Denmark, the answer was that BOEHME had not been executed but had been handed over temporarily to the Danish authorities for interrogation by the American authorities. At that time, Summer of 1946, BOEHME was held in custody in Odense, Denmark. However, the Swiss were unable to obtain any information on the nature of the charges made against BOEHME. They are naxious to know if any information from BOEHME's interrogation concerned his activity in Davos and if so, could they submit questions or could one of their men interrogate BOEHME.
