To the person in charge of:

FOIA LIAISON - CIA
WASHINGTON - D.C. 2050S

have a feeling that I have been under a sort of watch or something and I don't know why because I have done nothing to ask for it. The reasons I think so is because through the years I have been jeered at on the streets and have had various threats and I don't know why. This has been in more that one state—even where I am from. So I want every where checked. This is from my youth to now.  It seems almost as though I have been pointed out as a bad person or something like on a neighborhood watch to homes and schools, areas etc, But I don't know why.  I want this checked thoroughly I want to be told of all the details-dates-persons-reasons—what has been done to me—who is doing this to me (names and all information and dates)-if I have been pointed out to schools, businesses, etc. what ones? Are they always following me doing this — Why? I am being tormented for something not true or someone is out to do me a wrong abuse for whatever trash I don't know.  I have rights, and I am not the kind or person that should be treated like this. So check all files and everything and everywhere else. Check every organization, institution, place, etc. and find out what is what and tell me. Lets get to the bottom of this. Also are they tagging me now? For what? Who? Where? And etc. I want to find out ALL information. IN and OUT or the country and any place else.  Of course I expect all this information is confidential except to me. I am not guilty of any wrong and I will not be used as such. My personal information of course is confidential.  I have had enough ID theft in my life.  Please check ALL records and help me out on this. If there is any thing against me I should be told it. That should be my rights. I have had various abuses and even threatned physically and I should know all there is to know.	WHOMNOTON-	Sum.
