In Re: Request for File Number

To whom it may concern,

I recently received a reply letter from the Office of Information and Privacy Coordinator from whom I was seeking my reference/file number.

I was informed by the coordinator to submit my request with your department. I am therefore requesting my reference/file number from you as soon as is possible.

If it helps you in finding my reference/file number, the case was submitted in November 2005 to then Director Hayden. I am formally requesting my reference/file number so that I can send further documents/updates directly to my file.

Thank you for your valuable assistance in this matter.

I SWEAR UNDER PENALTY OF PERJURY THAT I AM
U.S. CITIZEN,

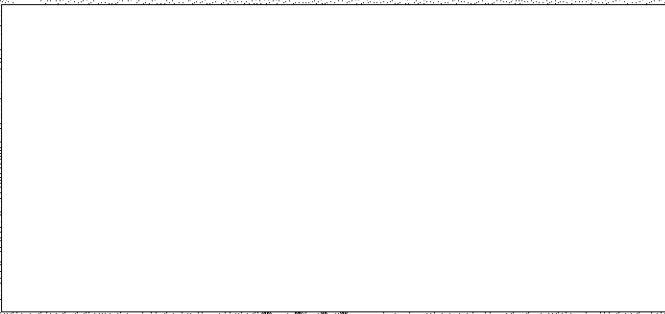

Dated: 5-9-2010
