Director of the Central Intelligence Agency, Leon Edward Panetta
Washington, D.C. 20505

Dear Director Panetta:

On May 02, 2007, a letter was sent to the Inspector General and the Information and Privacy Coordinator's office concerning my several past attempts to receive copies of any records or information from [redacted] I have also made several other Privacy Act, FOIA, and billing requests covering the time since 1983 with no replies on their progress. May I have an update on all my Privacy Act, FOIA, and billing requests made to the CIA over the years? Could someone also in the Agency Release Panel please look into this matter and let me know what progress they can make on my past PA/FOIA requests?

(b)(6)

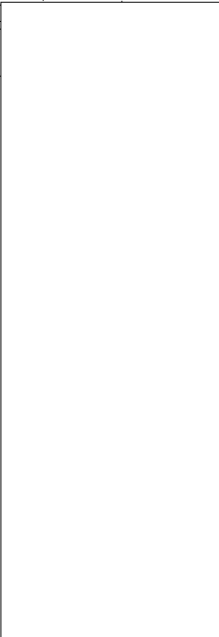

Sincerely Yours:

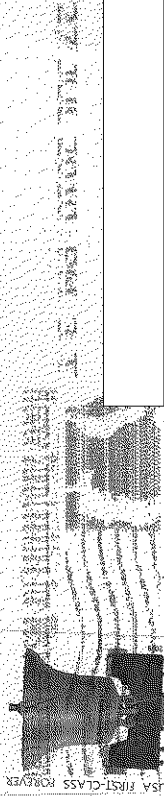

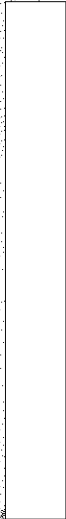

July 23, 2010

P.S. Please inform the CIA's accounting department that the CIA's payment to cover damages done to my career is now estimated around 21,500,000.00 dollars. This is only a preliminary estimate and is not all inclusive since a final total cannot be calculated until I receive my requested information.
