Dear

[Redacted]

(b)(6)

On 9 July 2010 we received your letter dated 3 July 2010 requesting information on you.

The Privacy Act requires federal agencies to safeguard personally identifiable information about an individual. CIA's Privacy Regulations, Title 32 C.F.R. § 1901.13, establish the criteria below:

An individual seeking access to or amendment of records about himself shall provide in the letter of request his full (legal) name, address, date and place of birth, and current citizenship status together with a statement that such information is true under penalty of perjury or a notarized statement swearing to or affirming his identity. In the case of an individual who is an alien lawfully admitted for permanent residence, said individual shall provide his or her alien registration number and the date that status was acquired.

Although you have provided most of the necessary information, you must send us a statement declaring your citizenship. You must have your statement notarized, or sign it under penalty of perjury (28 U.S.C. § 1746), and verify that you are a U.S. citizen or a legal permanent resident. If you are a legal permanent resident (LPR), you must provide your LPR number and the date that status was acquired. If you have become a U.S. citizen, you must provide your naturalization number and the date that status was acquired.

Because you have not provided the information we require, we are closing your request at this time. Once we receive the necessary information, we can then begin processing your request.

Sincerely,

A handwritten signature in cursive script that reads "Delores M. Nelson".

Delores M. Nelson
Information and Privacy Coordinator

To the person in charge of:

I have a feeling that I have been under a sort of watch or something and I don't know why because I have done nothing to ask for it. The reasons I think so is because through the years I have been jeered at on the streets and have had various threats and I don't know why. This has been in more that one state---even [redacted] where I am from. So I want every where checked. This is from my youth to now.

(b)(6)

It seems almost as though I have been pointed out as a bad person or something like on a neighborhood watch to homes and schools, areas etc, . But I don't know why.

I want this checked thoroughly. I want to be told of all the details-dates-persons-reasons - what has been done to me -who is doing this to me (names and all information and dates)-if I have been pointed out to schools, businesses, etc. what ones? Are they always following me doing this - Why? I am being tormented for something not true or someone is out to do me a wrong abuse for whatever trash I don't know.

I have rights, and I am not the kind or person that should be treated like this. So check all files and everything and everywhere else. Check every organization, institution , place, etc. and find out what is what and tell me. Lets get to the bottom of this. Also are they tagging me now? For what? Who? Where? And etc. I want to find out ALL information. IN and OUT or the country and any place else.

[redacted]

(b)(6)

Of course I expect all this information is confidential except to me. I am not guilty of any wrong and I will not be used as such. My personal information of course is confidential.

I have had enough ID theft in my life.

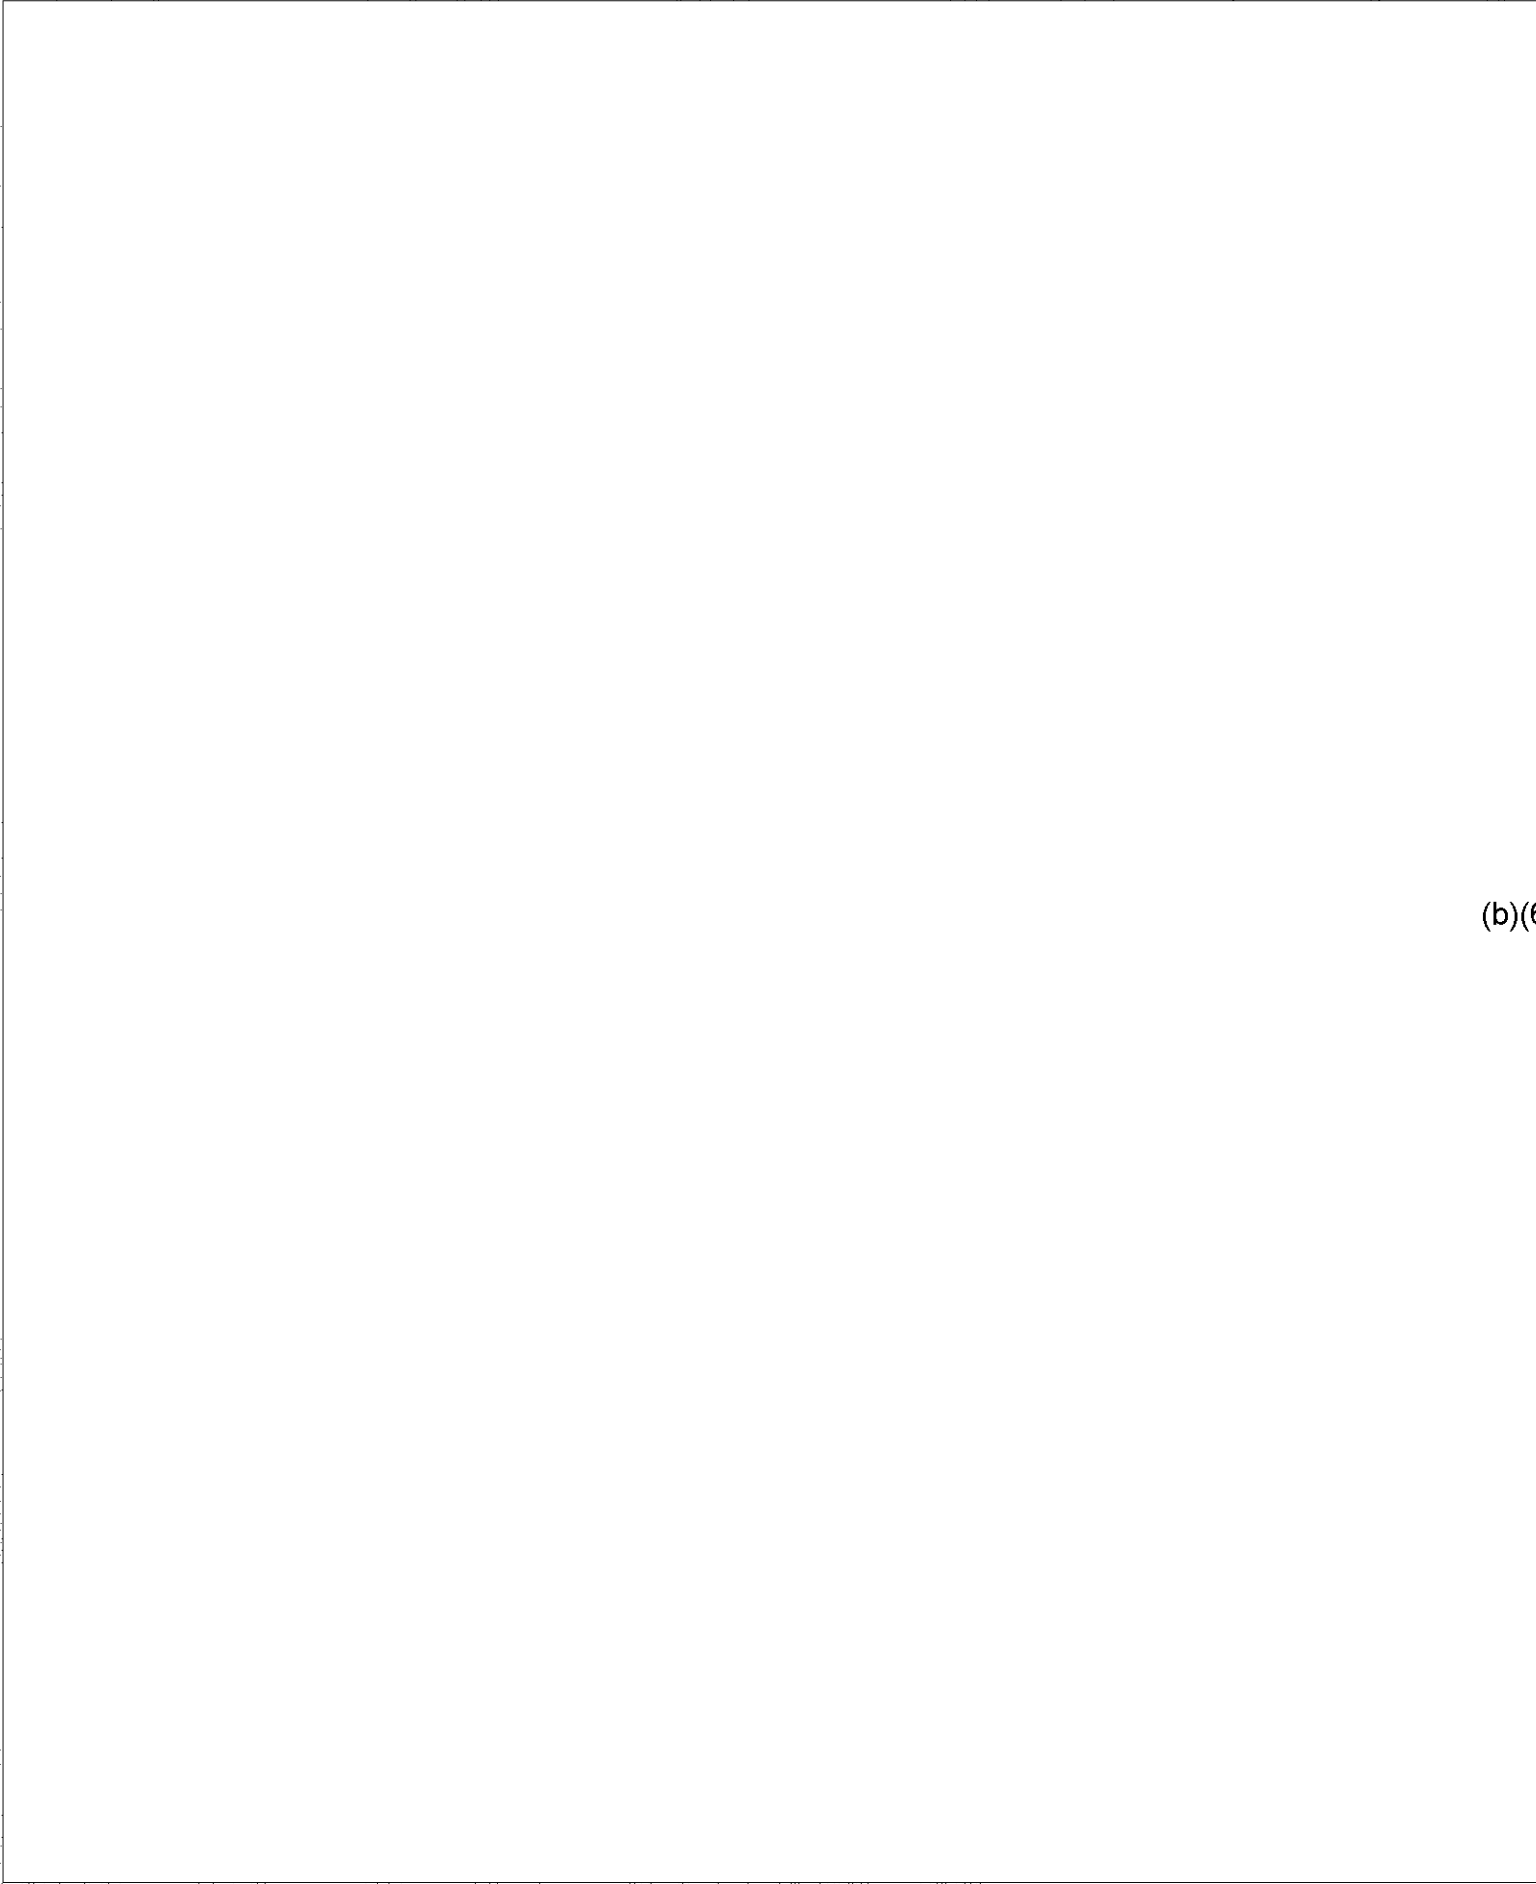

Please check ALL records and help me out on this. If there is any thing against me I should be told it. That should be my rights. I have had various abuses and even threatned physically and I should know all there is to know.

Thank you.
