MEMORANDUM TO: Assistant Director for Operations

Subject: Passport Control, State Department

1. We refer to our memorandum of 23 January 1947 as follows:

"4. Should the survey indicate that a full-time Contact Branch man can profitably be employed in processing the Passport applications, this office will request that the Assistant Director for Operations secure the assistance of the Department of State in the placing of such a man."

2. From information which Contact Branch has been able to obtain from the records of Dr. Addicott of OR&E and other sources, there appears that a full-time Contact Branch man could not profitably be employed in processing Passport applications at this time.
