Chief, Munich Operations Base

DIDORIC/QACTIVE/Operational - PECHORD - Special Projects Division

1. We have learned in recent discussions with QRBOUT that his PECHORD component is making an effort to receive from ODACID missions in Latin America evaluations of his radio and publication operations in that area. We understand from QRBOUT that MANOGOFF has written or will write to several Chiefs of PESWING with whom he is personally acquainted.

2. The matter came to our attention when QRBOUT asked QRBABOO to forward through ODACID channels a letter and illustrative attachments to a friend of QRBOUT who is an officer in Guatemala PESWING. QRBABOO discussed the matter with [ ] pointing out his desire to accommodate QRBOUT but expressing reservations about possible repercussions. Principally, QRBABOO estimated that such a request would be brought to the attention of the Chief of the PESWING who quite possibly would set off queries to ODACID and Munich/PESWING. We have no knowledge here of the extent of the information Chiefs of PESWINGS in Latin America have concerning PECHORD operations. Additionally, although we assume it, we do not know whether the MANOGOFF letters are coordinated with Headquarters or ODACID.

3. We would very much appreciate your guidance as soon as possible. Without knowing very much about the matter we venture the view that such requests of PESWINGS would be more productive and useful to PECHORD if they could originate in ODACID.
