Thank you all - I know it wasn't a tiny thing to get through!

Take a look, I have made the edits and have replied to the comments.

I'm getting some clarification on a few points from FB and Google+ then it will be ready to move on.

OGC and IMTOs next or [Redacted] first?

As discussed w [Redacted] I will also be using excerpts from the SOPs to respond to the RA.

So we are going to go with this version for now:

(See attached file: SM Standard Operating Procedures 021814.doc)

Any updates that come out of any more CIC Risk Assessments and reviews or other edits can be incorporated and revisited later, but let's at least get this as a baseline.

How about all comments and edits back to me by OOB 2/25?

*it's funnier if you aren't ICED
