Hi Geof, Trump said this morning that the video he actually saw was one of American prisoners who Iran had released arriving in Geneva.

<http://www.cnn.com/2016/08/05/politics/donald-trump-iran-video-claim/index.html>

Let us know if you need anything else.

Trump says he saw a video of Iran unloading the \$400M. If there is a video, Rep Pompeo would like to see it. He would also like to know how the USG got ahold of the video. See below for his statement.
