Operational  
Redsox/Grallspace 1

1. Attached herewith are contact reports 1 through 13 for the Grallspace 1 meetings and two memoranda for the record.

2. The Salzburg Operations Base wishes to emphasize again the desirability for Headquarters' expediting Grallspace 1's priority immigration under Section 203 of the Immigration and Nationality Act. Due to certain operational and technical limitations it has been necessary to have Grallspace 1 in Salzburg with only limited documentation and cover. We feel that his presence has been quite secure to date. However, his persistence in his night-life activities coupled with his limited cover and documentation make his early departure for the States most desirable.
