1. Reference A, outlining plans to utilize subject in EMCASHIER and requesting the necessary change in operational clearance, apparently crossed the Headquarters dispatch, Reference B, granting clearance for use of subject in connection with PODALTON funding.
2. Inasmuch as it is not possible to develop PODALTON further at this time, it would be appreciated if the necessary revisions could be made and this station advised as soon as possible, for subject's clearance to be consistent with the operational contact outlined in paragraph 3 of Reference A.
