1. Reference A, forwarded with Parts I and II of a PIR, was undoubtedly intended for use in obtaining an OA for PODAM.
2. As outlined in references B and C PODAM was granted an Operational Approval in September 1953 and an amended Operational Approval in December 1953. Both were based on PODAM's possible use in the media field, specifically in promoting a TV venture in Japan under the EMCASHER Project.
3. Since PODAM's present approval is still in effect, the arters will merely request an amendment to these clearances using the information in paragraph 44, of PIR II as the basis of an amended clearance.
