Madrid, Spain, Skorzony, former German SS leader, has carried out the
drinking spree in Paris of November 1944. Skorzony reports
that he has been approached by the Arab League in Cairo with a view
to a similar operation to kidnap British Colonel Sir John
B. Stewart. Skorzony now lives in Madrid.
Questioned by an AFP correspondent about recent foreign press reports
that he had been offered some 150,000 dollars to carry out the operation,
the former colonel burst into laughter. He pointed out that he is en-
joying a strictly commercial life in Spain. No such offer has reached
him, he said.
