Re: DAAG - AMR - S
(FOIA 79-675)

Dear Sir:

This is in response to your letter dated 9 November 1979 which forwarded certain documents to me so that I might review them and determine whether any of the collection might contain specific documents I am seeking. I am herewith enclosing a copy of your transmittals which contain items circled in red which I believe will constitute a fruitful area for your continued search.

You also asked in your letter of 9 November, 1979 that we provide a unit designation of the next higher headquarters of Mr. Tscherim Soobzokov, the subject of this FOIA request, and a description of the exact research duties he performed as a civilian consultant on a contract basis. I am unable to furnish you with any information concerning the next higher headquarters of Mr. Soobzokov as that information, if it exists, is wholly within your area of expertise and not my own. However, it has been Mr. Soobzokov's testimony that he was hired as a civilian consultant who was conversant with Russian ordinances and allegedly spent time with the unit designated in my letter of 24 October 1979 so as to inspect and advise his unit as to the uses of said ordinances.

*4 Boxes from WNRG, searched with negative results.

-2-

If you are unable to locate any files with regard to Mr. Scobzokov or indeed with respect to Material Test Unit No. 1, Fort Meade, Maryland, or the Unit as further identified in my letter of 24 October 1979, I will expect a definitive statement from your office as to whether or not said unit now exists or indeed ever did exist whether as a section of the Department of the Army or as a section or unit of any other governmental entity.

Sincerely yours,

Eugene R. Scheiman
