DRAFT A
17 August 1960

EO 12958; CL BY 187475

MEMORANDUM FOR: THE RECORD

SUBJECT : Supplement - MKULTRA, Subproject 68

1. Subproject Number 68 is being continued as a means to sustain a research program, the effects upon human behavior of the repetition of verbal signals. The program is under the direction of Dr. D. Ewen Cameron, Chairman of the Department of Psychology, McGill University, Montreal, Canada. B/C/F

2. The scope of the program will encompass the same studies outlined in the previous draft dated 27 March 1959 which is attached.

3. It is anticipated that long term support for this study will be provided by other organizations (one such organization is the U.S. Air Force, where negotiation assisted by the Society for the Investigation of Human Ecology, Inc. has been underway for approximately 6 months), therefore, this project is being continued for a three month period only. In view of this short continuation, McGill will be authorized delay of the final reporting on expenditures and a terminal technical report. B

4. This project will be funded through the Society for the Investigation of Human Ecology, Inc. The cost of the program for a period of three months will be \$4,775.00. Charges should be made against Allotment 1525-1009-1902. B

5. In lieu of higher overhead rates, title to any permanent equipment purchased by funds granted the University shall remain with the University.

6. It was mutually agreed that documentation and accounting for travel expenses which are reimbursable by the University will conform with the accepted practices of that institution.

7. The same security considerations outlined in the attached draft should be noted.
