October 1, 1947 (Rome)

"Dear Bill" (name for Cuglielmo FRANCENDI, VAJTA's alias while in Madrid for the first two months)

"I have received your telegrams (2) some days ago and I (am glad for) your good fortune.

"Now to get you up-to-date on the Rome affairs

1. The affair of the boat in Genoa will be arranged with Georgetti and I hope to have it in order within three weeks.

2. The Aide Memoire of the Ambassador has not gone well because they say that until it is recognized by Italian Authority as a contradictory case, they will not enter into it. An exemplary ignorance! But the others (who will come to see you) are close to the financiers of the D. C. and have joined under good leadership.

3. Due to ministerial inefficiency, Juretic (Msgr. JURETIC, friend of Continental Union) has not received his entry visa (to Spain). The phonograph will be done tomorrow. PAPE (Msgr. PAPE, Polish representative in the Vatican) has now had two teas and the facade proceeds slowly but well.

4. There exists an International of Freedom in Germany, of which the noteworthy Anti-Bolshevist front was a part, the Ukrainians appearing to be the leaders in the thing. In a while I hope to make contact with <sup>Get you get me the passport in that name from the</sup> Spaniards, etc.

5. It is imperative, Cuglielmo, that we will always have in hand that good gentleman there of the Ministry of the Interior. After you send the one you have, we will photograph it and it will remain for posterity.

6. (SIMONFAY?) has received news from the actress near Bolzano that says that you are in mortal danger and that you ought not to go about! I replied that is was true, indirectly, in that, also he (SIMONFAY), with the ratification of the Treaty, was in danger of extradition if the Communists desired. I ought to write the actress to stop completely all contact with (SIMONFAY?) and not to spread your secrets.

6 I want to suggest some things:

You must tell the Spanish that it would be a good idea to found a Mediterranean Institute in Barcelona. In that way, it can be said that many people would be in hand who would be part of the Continental Union.

The scope of this Institute would be the gathering of all the Mediterranean forces for the defense of the security and the independence of the Mediterranean.

I know that FAOUK, King of Egypt, is making great efforts with the Moslem (exiles) of the Balkans and they are certain that he can spontaneously found another HQ in Cairo or Alexandria.

It would

30 Jan. 48

It would be well that this Institute not be set up in Madrid because and since I think Barcelona will be better.

There would be special sections for

- a. Protection of the Catholic religion
- b. Protection of the Neoclem religion
- c. Tangier
- d. Trieste
- e. Dardanelles
- f. Near East, with special interests (through FAROUK) in Palestine
- g. Italian Mediterranean Colonies
- h. Greece

Eventually even Turkey could enter. And dealing with the Trieste problem, strong Italian links could be made.

Now, there are so many people who would be part of both organizations who could be sent. What do you think?

I know that Spain is doing great things with the Moslems and I think that this thing will be ideal for their interests and also for ours.

7. In regard to the other thing—when I receive your news, I will immediately send (mine) in order to individualize the problems of personnel, etc.

8. I am doing everything possible for your American visa. But the problem of your Italian exit visa exists. Above all, I ought to know how much money you have for the trip and where it is. I will see what I can do here. If possible, I will write you a letter of invitation and you can get the visa there. I think that the others will help you in that. Perhaps after a little while I will make a trip to Spain.

9. I see the Spanish MA tomorrow afternoon. He wired me, saying he wanted to see me.

10. You must settle the youth work there—after it is a little organized I will have a letter sent from the Provisional President of Rome. I await your word on this affair.

Well enough with this style, which doesn't set well with you. How are you there? I have now informed GALLUS (Father GALLUS), but I have told him not to tell anything to anyone. For the moment, no one knows it. I think that the Legation has received a list and that you head it!

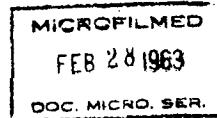

I am well in the confusion which is the Rome of today and I await your news with great interest. Georgetti is fine and we are in marvelous accord. The little one awaits. (La piccola e' ha sempre da tornare.)

Faith and courage,

VIMTOR

(At the top: "Send me the address of your friend the general.")

Dear Bill—

I have received your third telegram today. To your request I answer—  
I have done it 7 or 8 days ago!

Things are thus:

1. The Continental Union has now had two meetings, the third will be Wednesday. There will be L (LORZAIKIS), S has been away, and J (JURETIC, Msgr.) ought to arrive in time. Ahew, up to now,
2. The boat (belonging to Eastern Europeans which circles Italy and the Balkans, transmitting anti-Soviet propaganda) at G (Genoa)—everything goes well—the transfer ought to come soon.
3. The aide memoire which I made on your behalf (che feri per conto tuo) to the Embassy (a L'A) has come out badly, because they think that only them those cases admitted as contradictory by the Italians can be considered by ( )—complete ignorance!
4. E left the 25th. (KEM left for Washington).
5. S should leave in two weeks. (SIBOR, Baron?)
6. P (Msgr. APPEL, Vatican) is doing everything possible and that thing will be done by the group.
7. That Youth organization is going well—you must write me when everything will be ready there!
8. "Our" people have taken your position—"understand"—a little bit of patience.
9. Perhaps I will make a visit there (Spain) within a month and a half.
10. E (PRIBICEVIC?) has not moved, but I have made a wicked plan with all the band. But I can't tell you here.
11. G (GEORGATTI) is splendid and we are in perfect agreement.
12. In the other letter I have suggested that you suggest an "Instituo Mediterraneo" to your "friends" there—with M in Barcelona—another H would be organized by the Arab League at Alexandria—with this scope:
  - 1). Protection of religions (Catholic and Moslem)
  - 2). Protection of Mediterranean Basin
  - Special sections for (1) Tangier (2) Trieste (3) Dardanelles
  - (4) Greece (5) Italian colonies.Eventually the Turks, Italians and Greeks can be organized.
13. Your members of the C (Continental Union) in Lauric would also be put part of the Mediterranean Institute.

I think the first letter must have been intercepted or it has not arrived.

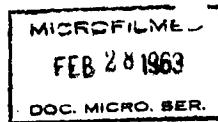

Faith and courage,

VILLAS

October 16, 1947 (name)

Dear Bill

I have written you now twice—have you not received my letters?  
I have yours—splendid. I assure you that I do not sleep and that  
I am doing everything possible against the enemy, as well as in aid of  
friends. And this morning it was both together.

Perhaps I will leave Italy.....will have everything in hand  
momentarily.

I can say that I will go to Austria in a little while—then I will  
return.

Speaking of Switzerland—the two priests (Fathers D&R and SZALAY),  
what are they doing? For unknown reasons, one has not come and the  
others I think must now have arrived there.

I am sure that my other letters have been intercepted if you have  
not received them. If this one arrives, send me at once a telegram with  
the word "third" plus the name, not cognome, of the boy in Monte Cavo—  
the big one. Understand.

We ought to get ahold of that rascal and make an ugly ending (e  
faranno una brutta fine).

Everything is in order and I will send detailed news with the  
"Fascist Priest".

Faith and Courage

The hour of success is not far off.

I have a beautiful plan with one who thinks cleverly here in  
Rome. I think you will hear of it there.

I sent you those documents because they can't be used here.

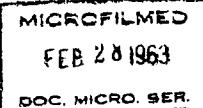

I also sent you the invitation of the famous agent, of the  
so-called "secret police."

2P

Dear Feri (code name for VASILY in Madrid)

I have received your letter full of rage against K-M (KLISZYN) Rome Secretary General of Intermarium and his beautiful company. I have gone into the matter and the following is the result:

When you have talked in Madrid, you have said that the Intermarium is dead with the result that the Pole L (LUBIEWSKI) of Madrid has written to his friends, among them K-M. The reply which he probably made said that it always was alive and that they would get hold of you!

Now, calm, calm, calm. Everything is going along fine. K-M (KLISZYN) described to me the APOK and V, Bela (BELA VAGA) cases, in the telling of which your passion (rage) does not appear so clearly. I have explained how he was (ridotto) sheltered, going to Paris with your help; and returning with "some" thing in his brief case, and how V (VASILY) would come but you yourself wrote them in the critical moment the first days of September not to come and risk his skin. And as V had everything in order there, if these consequences had not come up.

After dealing with the Continental Union, I have said that it already has had a meeting, etc. I explained to K-M (KLISZYN) that your interpretation was that after the C.U., the Intermarium was subordinated and practically did not exist. But the Intermarium was subordinated and practically did not exist. But the Intermarium still exists and the C.U. has not yet been officially founded.

Well, it is a question of a little bother between friends and you should not excite yourself. I have defended you with full success and they will work in Spain to approve the Institute and support and collaborate with it strictly there; they will subordinate the Intermarium to the Continental Union.

It is clear to me where the C.U. is. I cannot tell you where but Pap (PAPO), Sid (SIDOR), Loz (LOZOWSKI) Jur (JURISTIC), etc., are working, they are orienting themselves with this new idea, they are changing opinion, seeing, etc. Then a complete agreement is arrived at they will make two declarations.

You ought to consider how much difficulty has come about through the ratification, with all the dangers for everyone. Today I will go from Sid (SIDOR) for a \_\_\_\_\_ (undecipherable) belonging to Jan (JANKOWSKI, Intermarium Head, Rome) and Loz (LOZOWSKI).

The program of the C.U. is this, as far as I know:

1. The Institute will a bulletin such as "East Europe" (London publication in English)
2. Radio in S and I (Spain and Italy). Have you talked with the person who was to come from London?
3. Italian Youth controlled by the man with the ("mutua") for the moment and with the others later.
4. The Books E-U
5. Clandestine program in the hands of the Commander "for Italy".

WSMR-46

30 Gen 48 On Point 2

On Point "2" (radios) there will be (1) that radio there with the one that comes, (2) there will be the radio on the boat which will be taken off the boat, (3) there will be the others in operation.

On Point "4" it can be said—PRCHALA, KREK, KUSELBAUM have their affairs almost in order. We will be printing—but we will pay nothing until there is an agreement between the various elements and the C.U.

PIERO has organized very well the sale of the 200 with magazines and newspapers. There is a print shop that can do something.

M-E (MIZ MIZYN) wants us to organize the printing of the Internarium Bulletin with their paying for it. Well could it be done. I am convinced that M-E is conducting himself seriously and constructively and that he will stay with us because he is too intelligent to play the role of porter among the others.

Dear Feri—You have not yet sent me that little bit—which ought to go above to the Abbey in exchange for the booklets. When he arrives I will give it to the one from Trieste.

I have great patience, that with much labor, you must believe me, everything is going along well—and will go well. I go to LIV (LIVANO) tomorrow or after tomorrow and afterwards I will go a little beyond—I don't know what my address will be—write PIERO and come to an agreement with M-E (MIZ MIZYN). I have told (him) that perhaps eventually we can come to an agreement with the French because the De Gaulle victory has been a Catholic victory and we hope that the Free-Masons will lost control.

Greetings

1. The first stage of development is the egg stage. The eggs are laid in a cluster of 10-15 eggs. They are white, oval-shaped, and have a thin outer shell. The eggs are usually laid on the ground or on a leaf. The hatching process begins after about 10 days. The hatched larvae are small, worm-like creatures with a segmented body and a pair of prolegs at each end. They are pale yellow or cream-colored. The larvae feed on the plant material they are attached to, such as leaves and stems. They grow rapidly and eventually pupate. The pupal stage is characterized by a hard, brown, segmented body. The adult fly emerges from the pupa after about 10-15 days. The adult fly is small, with a wingspan of about 10-15 mm. It has a dark brown body with a pattern of yellow and black stripes. The wings are transparent with some dark spots near the veins. The adult fly is a strong flier and can fly up to 10-15 km. per hour. The life cycle of the fly is completed in about 30-40 days.

3. LETTER FROM MIZ MIZYN to Mr. VAJTA

Rome le 24 octobre 1947

Cher Ami,

J'ai bien reçu votre lettre du 1er octobre et je vous en  
remercie sincèrement. J'ai eu l'impression que notre dernier en-  
tretien vous a découragé et que c'est pour cette raison que nous ne  
nous sommes plus revus. Puisque aussi votre ami, Mr. G., se taisait  
depuis ce temps-là, je ne savais pas qu'est-ce qu'il est arrivé.  
Evidemment, je ne trouvais pas nécessaire de vous importuner par ma  
personne puisque je suis d'avis qu'un vrai travail politique ne  
doit jamais dépendre du "stimmung" ou d'un tel ou autre nez du pa-  
tientaire. Votre lettre me prouve que les choses ont changé contre  
votre gré et c'est pour cela que je me réjouis de renouveler notre  
contact.

Bien sûr que nous enverrons toutes nos publications à  
votre adresse.

Nous sommes en train de préparer le Club de l'Interma-  
rium sur le terrain où vous vous trouvez actuellement. Dès que  
cette phase préparative sera finie je vous avertirai en vous donnant  
les noms des personnes intéressées. Je vous serai reconnaissant  
pour toutes les adresses auxquelles on pourrait envoyer nos publications.  
Il faut seulement que ces personnes s'intéressent à notre cause.  
Il serait très utile si nous pouvions nous rencontrer encore avant  
votre départ. La chose plus importante serait l'excursion chez nos  
gens en Allemagne que vous aviez projetée. Il paraît que la déca-  
ption dans ce domaine sera la plus grande. Je comptais beaucoup sur  
cette initiative. Selon mon avis, sans atteindre les gens de là-  
bas toutes nos tentatives d'un travail sérieux son vaines.

nous facilitera l'orientation dans la vraie atmosphère et permettra à activiser nos représentants de ce terrain. Ce n'est qu'après le retour de Mr Miha que nos irons probablement plus loin avec le travail, si la situation ici ne change pas si radicalement que nous serions forcés de chercher ailleurs l'asile. Pour le moment nous faisons tout le possible. Notre Club s'est élargi à quelques personnes avec lesquelles nous étions toujours en contact sur le terrain d'ici. L'intérêt pour ce travail devient toujours plus grande. Je l'attribue à la juste idée et à la fidélité sans compromis pour elle.

Je vous serais très reconnaissant de bien vouloir être en contact avec nous. Vous savez bien quels sont mes sentiments personnels envers vous et soyez assuré, cher ami, de la constante sympathie aussi bien de la part de ma femme que de la mienne. Nous vous envoyons nos meilleures salutations en vous souhaitant bien de succès dans votre travail. Nous serions très heureux de vous revoir dans l'avenir.

#### 4. REPLY FROM FERENC VAJTA TO MIZ MISZYN

Madrid, le 1 Novembre 1947

" Monsieur,-

Étant donné, que J ai été informé de votre conduite, Je crains qu'il est tout à fait superflu de répondre à votre lettre. J ai déjà répondu à l'autre, que vous avez écrit sur moi à vos amis de Madrid.

Jusqu'ici J ai ignoré qu'un Polonais puisse agir comme ça, et en ce qui concerne l'avenir, Je ne veux pas avoir non plus de tels "amis" qui envoient derrière mon dos des avertissements. S.E. Casimir Papée va vous informer certainement à ce sujet.

Mais, pour éclaircir tout malentendu-Je tiens à vous déclarer: 1. Qu'il ne s'agissait jamais de censurer L'Intermarium dans ses formes d'hier. Vous même, vous avez reconnu devant moi et Mr. Gowen, qu'il est impossible de sauver, à cause de son passé, cet organisme. 2. En ce qui concerne la collaboration étroite des peuples de l'Europe Orientale dans les cadres de l'Union Soviétique,, J ai été toujours de l'avoir que cette collaboration doit être organisée. J ai même admis une nouvelle forme de l'Intermarium, à la base des unités régionales.

3. Il est vrai aussi, que J ai admis la nécessité d'une collaboration polono-hongroise: ce que J ai fait et ce que je suis en train de faire. Mais, Je ne soutiendrais jamais une organisation avec un tel passé que dispose L'Intermarium.

Pour l'avenir Je vous conseille, si vous croirez, qu'il y a des malentendus, de demander d'abord des explications à la personne intéressée et d'agir seulement après. Et surtout ne jugez pas des faits et des personnes,-si vous n'êtes pas informé sur rien,- car de votre lettre je vois,-que vous ne savez même maintenant, pourquoi J ai du quitter sans adieu Rome? Et peut-être vous ne savez pas même, pourquoi est allé Krek à Washington?

En tous les cas, J aurais voulu recevoir une autre signe de votre "amitié" que celle, qu'était la lettre écrite par vous à des polonais de Madrid.

Et enfin un dernier conseil:soyez plus franc! Il est vrai, vous auriez plus d'ennemis, mais plus d'amis aussi.

Fr. Vajta"...

Note: This refers to Miz Miszyn's letter to a Madrid Pole couched in terms adverse to Mr. VAJTA, which the latter discovered with the aid of Mr. SZUMLAWSKI.

Mr. SZUMIŁAKOWSKI informed the Embassy after Mr. VAJTA had left for the U.S. that a reply letter from Mis Miszyn had been received and he and Msgr. WYIĘZTOR opened it. It stated that Mis Miszyn was very "shocked" by Mr. VAJTA's last letter and upbraided him for attempting to criticize the Intermarium "as you have never been a member of it". Mis Miszyn is the Secretary General of Intermarium.

#### 6. LETTER FROM MR. CHARLES(KAROL) SÍDOR TO MR. VAJTA

(Language: Hungarian)

Vaticano, nov.7.1947

"Kedves Barátom:

igazán és nagyon "mi vergogno", hogy szeptember 26.kelt kedves leveledre még nem adtam választ. Igy is történt. Volt két tiltárom - a fiaim - most tanulnak, járnak olasz iskolába és így minden más levelemet saját magamnak meg kell irnom a gépen.

Első sorban köszönöm levedért. Nem is tudtam, mikor mentél el és hová. Tegnap volt egy kis beszélgetésünk Mr. Gowennel és Janikowskival, rövid volt szó nagyon jó értelemmen; nem kell figyelemre méltatni semmiféle kis intrikák és mindenhol kell dolgozni a közös Európa ügyért.

Nehezen meg a dolog itt is. Nem is csoda. mindenki ~~szí~~ érzi, hogy figyelik és futnia kell. Jó magam is már benne vagyok. Október 18. kaptam 20 évet. Ezzel megbukott az én kiutazási engedélyem. Itt kell maradnom a kupola alatt, de meddig, nem tudom. Hová menjek és mit csináljak, meg nem tudom.

\*G Barátunk ~~szí~~ szintem elmegy innen és valószínűleg veled találkozik. Add át üdvözetemet. Láttam rajta, hogy szívvel-lélekkel akart segíteni, de a körülömények rosszak voltak, illetve, erősebbek voltak mint a mi jó akaratunk. Még valamikor találkozunk más körülömények közbött.

Bocs ás nem jó magyar nyelvemért. Jó 25 éve nem írtam magyar levelet. Csak még azt akarom mondani, hogy nagyon szívesen Rád emlékszem és úgy érzem, hogy még valahol közös munka mellett találkozunk.

Baráti üdvözettel:

KAROL"

#### 6. LETTERS FROM MSGR. JURETIC TO MR. VAJTA.

(Msgr. Juretic in Fribourg/Switz, Mr. Vajta in Madrid)

(Language: German)

"My dear honored friend,

Your letter of September 26th 1947 pleased me greatly. Today I write only a short note. In principle I am ready to come to Spain provided I can get an entry visa.

Here things are not very clear. From Rome I have recently received an urgent request, I will at once go to Rome. This, our friend G. advises. I should already have gone, but I have not yet the entry(visa).

Now comes your letter. All is somewhat mysterious to me! Does the danger threaten directly? Are these only precautionary measures? In any case I am ready to come there.

I shall see Mr. Varga tomorrow and I will inform him of what you have written me. He is somewhat nervous because the papers permitting him to go to Washington have not arrived.

Please give my sincere greetings to Mr. Krek and family,

I am dear friend,

JURETIC"

Szep 30/4,

## 6. (Continued) JURETIC letters....

"My dear friend Vajta,

I have received your letter of the 3rd of October and also another undated one arrived today.

I have not answered the letter because I was ill. Even today I am not very well. It goes without saying that I should like very much to go to Spain. But I need 1. visa, which I am waiting for, and 2. to know how long you will remain there. I have not yet gone to Rome. I leave the day after tomorrow for 3 days and return immediately. If I receive my visa and if you are still there I shall come.

Mr. Varga is already over Ireland on his way to America. Around the 23rd he will have arrived.

I hope we may see each other.

With greetings and best  
Oct 14/47                   wishes.                   JURETIC"....

Note: Although Mr. VAJTA has left Spain, Mr. SZUMLAKOWSKI reported all through December that Msgr. JURETIC was still planning to come to Spain.

## LETTERS FROM MONSIEUR PAPÉE TO MR. VAJTA

October 8, 1947

"Cher Monsieur Guglielmo,

J'étais assez surpris et fort navré de recevoir une lettre de Madrid, au lieu de Vous revoir à la Via dei Villini. Deus mirabilis, fortuna variabilis! Je regrette vivement ce contre-coup qui nous prive de votre collaboration et du contact direct à un moment où ce contact est nécessaire plus que jamais. La seule consolation est de savoir que Vous continuez et qu'un centre nouveau pourra surgir sous peu à Madrid. J'écris en même temps au Comte Potocki, qui est notre Ministre à Madrid, pour Vous introduire et recommander.

Je ne crois pas que je puisse réaliser ce voyage américain dans un temps plus ou moins rapproché - il y a trop d'affaires importantes qui me retiennent ici. Outre cela, la chose ne paraît pas être assez sûre.

Nous continuons notre échange d'idées avec notre ami S. (Note: Probably referring to ~~EWAN~~ SIDOR) et Monsieur G., et j'ose espérer que les résultats ne tarderont pas de venir. Il est tempé.

En Vous remerciant de votre aimable lettre, qui m'a rappelé d'une manière si agréable nos heures pastorales de Soprac-Bolzano, Je vous prie de garder ce contact par écrit avec nous que cette lettre a initié, et de croire à mes sentiments les meilleurs. Ma femme se joint à moi pour Vous remercier d'avoir pensé à elle.

Bien à Vous

"Cher Monsieur V.!

en lisant vos lignes Je me répète la vieille vérité que dans certaines circonstances rien ne saurait remplacer une conversation entre gentlemen. Mais la conversation étant impossible, je dois me contenter d'une lettre. Néanmoins je dois vous demander l'autorisation d'être tout à fait sincère.

Vous reprochez à pauvre Miz Miszyn d'avoir été déloyal envers vous; mais à la base de vos reproches il y a une grosse déformation, dont de je sais pas qui est coupable. D'après mes informations, Miz Miszyn ne faisait qu'enregistrer certaines réserves, provenant de cercles de vos compatriotes, Il ne les faisait pas siennes et ne les transposait pas sur le plan de L'Intermarium. Comment aurait-il pu faire cela étant donné que vous n'y étiez jamais? La chose a trouvé, à ce que je sais, son explication ici et des mises au point ont été faites entre autres auprès de Monsieur G. Outre cela M. Janikowski et moi-même écrivons à la date d'aujourd'hui à M. Szumlakowski pour lui donner les renseignements nécessaires.

Il y a une chose cependant que je n'arrive pas à comprendre. C'est votre acharnement contre l'Intermarium et les critiques acerbes, que vous ne ménagez pas à cette institution. Et pourtant les idées de l'Intermarium sont à la base de tout travail utile que l'U.C. devrait entreprendre pour arriver à des résultats plus larges! Il y a ici une antinomie que m'échappe.

J'ai prié M. Szumlakowski de se rendre auprès de vous l'interprète de mes sympathies, qui n'ont pas changé. Je tiens à les reiterer ici et vous prie de croire à l'assurance de mes sentiments les meilleures.
