1. B-154-53, a report from the U.S. Military Attache in Switzerland, dated 11 May 1953 (copy sent to American Military Attache, Cairo) reads in part as follows:

"Mr. Yous entered the service of the Egyptians through a certain Mrs. HANSEN who has lived in Egypt for a number of years. This Mrs. Hansen is a friend of Mr. Yous' of long standing, and supported the Yous family after the war and finally acted as go-between in the procurement of his position."

Source is a German who was in Egypt in December 1953 trying to sell guns.

2. Have you any information on Mrs. Hansen? We have no record of her apart from a possible trade in the Yemen who was described in 1943 as a "red herring" living in the Yemen.
