Housing loan file lists him as residing at former Holzhausen address known to us and lists future address as:

33 Elizabethstr, Muenchen

1953 Munich City Directory lists this address, but UJD not listed as living there. He hasn't lived there long enough, as he only moved in October.

Incidentally, Subject's housing loan (DM 6500) is quite large. It could furnish a pretext for arrest if needed, as it is my understanding these loans can be called at any time by the organization. At least it is a thought, albeit a nasty one.

Among other possible actions to be taken in this case is the interrogation of PIFF. PIFF has worked for UJD/KADFUL for quite a long time. We have given PIFF a great deal of help with the Consulate, and if he goes to the States as scheduled in the near future, it will be entirely due to our intervention. Once he gets there, interrogation on his knowledge of UJD might be carried out securely, but would have to be carefully arranged.
