No. 6488

10 February 1953

TO : 50 (50/S/I)

FROM : 25.50

SUBJECT : Flight to Vienna for Leader of CSW

REF : Ltr. 50/S/I to 25.50 Nr. 31/53 dtd 6 February 1953

1. Unfortunately, with the departure of 25.50 C, the continued absence of 25.50 F and the imminent departure of 25.50 D/O plus the limitations imposed by the air authorities and by weather conditions we cannot see our way clear to expand air service to Vienna so as to include any additional field agencies at this time.

2. The servicing required by GV C for its going operations taxes our field capacity and it is felt should not be disturbed nor diminished.

3. When 25.50 F returns, before 1 March 1953, and takes up regular liaison with CSW, and Stuetzpunkt Wien is established we hope to have (a) a case officer in Vienna and (b) a light plane on the table of allowance for SDE.

4. In the meantime CSW should be able to maintain sufficient contact and guidance through letter drop and Meldeskopf facilities.
