SUBJECT: PARKER Case

1. Yesterday I had a brief conversation with Mr. SCHACK concerning this case and received from him the results of the first phase of his interrogation of PARKER which was conducted on 14 July 54.

2. Parts II and III of his planned interrogation have not yet taken place and, if carried out in the same procedure, will require some weeks. In the meantime agent commitments into the CSR are pending a decision on this case. It is recommended that Phase II and III be completed at the earliest possible date and that a tentative conclusion be reached without transcription and analysis.

3. We believe that expediting this process is as much in the interest of PARKER himself as in the interest of the Organization and the obvious necessity for a final decision on the pending agent commitments.
