3. Our CALLINAK coverage on Siegfried UNGERMAN merits special mention. In terms of both volume and content, the coverage has been extremely productive and gives promise of being even more so. At this point we are certain that UNGERMAN is chief of the DIT responsible for the BLANCKENBURG operations. We have succeeded in identifying the DIT headquarters which utilizes the cover WESTRIESENWELLSCHAFT REINHOLD-WEITFAELISCHE FODS TRIERERSTRASSE m.b. H., located at Talstr. 31 in Munich. We have further determined that the following V-men are in current contact with UNGERMAN:

Willy REISSMUELLER (V-11900)	Heinz KUEHLER (V-2350)
Hans Georg ROEMANN (V-11782)	Theodor DITTMER-SACKEN (V-12051)
Heinz HEIDLER (V-12092)	RAKATCHIKOFF, Nikolaus (V-11801)
Michael ALSCHIBARA (V-11881)	

REISSMUELLER, living in Ingolstadt, serves as a mail ^{cut} out and thus far has received intelligence reports from Moscow and Cairo. We have also determined that UNGERMAN apparently is the case officer for Dr. Fritz GROBBA, who at present is playing a leading role in UNGERMAN's part in intelligence collection from the Middle East. We are in the process of drafting a detailed report of our efforts against DIT REINHARDT which you should receive. One thing at once is apparent, however, and that is that the operational security of UNGERMAN and his associates leaves much to be desired. Headquarters may also be interested to learn, in connection with the subject of operational security, that UNGERMAN is no longer heading up DIT 5, but is now also associated with the BLANCKENBURG complex here in Munich. He was replaced as chief of 5 by DRESEN. We are hoping that after we have gathered more information on UNGERMAN through CALLINAK we can mount limited surveillance operations to get more details. Our basic objective is to determine the mission or missions of Dienststelle REINHARDT and the individuals who are used to accomplish these missions.
