Activities of Alias KISCHEK

Reference: EEMA-57999, 6 March 1962

1. Your comments in reference on our tentative analysis of the KISCHEK intercepts are appreciated. On the basis of the first batch and those intercepts attached to EEMA-57999 we have constructed a simple chart reflecting KISCHEK's activities and contacts as nearly as we can divine them. The chart is attached for your information. For a retired type, KISCHEK seems fairly busy.

2. It is obvious we have not really figured out the FULMER/JACOBS business. We really have the impression there is not a conversation yet with Leon JACOBS himself, and that all the items labelled FELIX and JACOBS in the intercepts actually have to do with FULMER. It all got off on the wrong foot when KISCHEK talked on a couple of occasions with Fred JACOBS. As noted from the second batch of intercepts, FULMER appears to travel a lot, but to live in Koenig. What JACOBS is doing all this time and why he does not appear in the intercepts we cannot tell. Perhaps JACOBS is after all the main discussion partner and FULMER only appears briefly. If so, we have not figured out how to differentiate, and the CALLINAK analysts are clearly confused. The answer might emerge from listening to the tapes themselves, case you know there is another party involved.

3. The call of WENGER to KISCHEK is 11 January. Its purpose is to arrange a meeting. The conversation is quite brief and businesslike, but one has the impression they see each other regularly in a business context. They agree upon 1030 hours 12 January at the Reeserschans. WENGER asks if KISCHEK is bringing something with him and the answer is affirmative. WENGER says he has something too. Vielan Dank. Wiederschauen.
