Nothing startling, but something you perhaps should be aware of.

MEMORANDUM FOR THE RECORD

SUBJECT: Disposal of Classified Trash for the National Security Council (NSC)

1. A memorandum for the record by the Executive Officer of the Office of Logistics points out that this Agency is disposing of classified trash for the NSC. The material contains documents from the White House "Situation Room," codeword and other documents from the Intelligence community. This practice began in December 1971 and is still in effect. Pick-up of 30 bags of trash is made each Thursday.

2. Under normal times and circumstances such a routine matter would not be raised, but given the recent furor caused by the destruction of documents by the Acting FBI Director Patrick Gray it is felt that the matter should at least be highlighted for further consideration.
