Attached is the memorandum proposed for the FBI, correcting information provided earlier on McCord's involvement in "Cuban activities." It took longer to find the answers than had been expected; in fact, retirees had to be interviewed to reconstruct the activity.

This memo has been coordinated with DDO, O/Sec and OGC and is ready to go if it meets with your approval.

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

12 JUL 1974

MEMORANDUM FOR: The Director
Federal Bureau of Investigation

SUBJECT : James Walter McCord, Jr.

1. Reference is made to memoranda from this Agency dated 21 June 1972 and 6 July 1972 which stated that a review of Mr. McCord's duties and assignments provided no indication that he was involved in Cuban matters and that he was not assigned to the Bay of Pigs operation. However, a recent review has revealed that from late 1960 to mid-1961 Mr. McCord was involved in planning activities in Washington concerning a compartmented clandestine operation targeted against Cuba, and that from Washington he directed as many as three Agency operational assets who traveled to Cuba with the limited mission of observation and reporting. On completion of this operation, the agents were redirected to other, non-Cuban foreign intelligence activities. These individuals were of neither Cuban nationality nor extraction.

2. This information is being provided to supplement the record of Mr. McCord's official duties. It does not alter other information previously provided concerning his service with this Agency.
