Dear Miss Domeny:

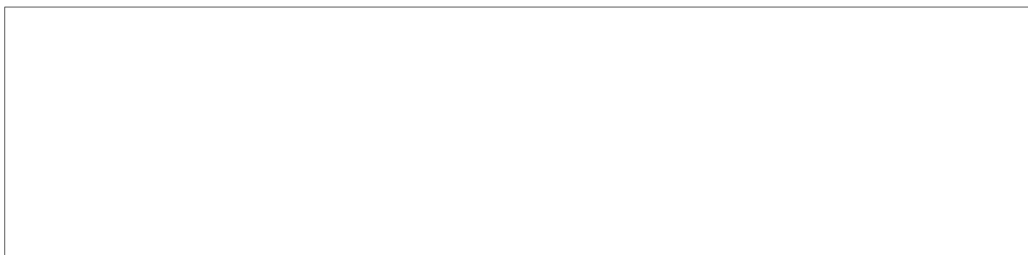

This is to acknowledge receipt of your letter requesting biographical information about Mr. E. Howard Hunt.

The information you have that Mr. Hunt was a member of the Central Intelligence Agency from 1949 until his retirement in May 1970 is accurate. I am limited, however, to providing no more than this, which is our procedure with all requests from the public about former employees.

Sincerely,

(Signed) F. W. M. Janney

Mr. Richard Helms, Director
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Helms:

I am a student at [Redacted]
[Redacted] Presently I am enrolled in a composition
course, which is required to write a biography on
Mr. E. Howard Hunt.

This biography must contain facts about his
personality and his life, not about his involvement
in Watergate. While searching for information for this
paper, I came across a testimonial by Mr. Hunt stating
that he had been a CIA member for 21 years. He was a
member from 1949 until retirement in May of 1970.

With this thought in mind, Mr. Helms, I decided to
write you in hopes of attaining some information about
Mr. E. Howard Hunt while he was a CIA member. The infor-
mation I am seeking is of a personal nature. Any facts
concerning Mr. Hunt's life or his contribution to this
organization would be very much appreciated.

As this biography is due November 18, I would be
very grateful in receiving any information that you
might be able to send as soon as possible. Thank you
for taking time to read this letter, and once again,
any information you may be able to send will be appreciated.

Sincerely yours.
