Professor R. Courant
Institute of Mathematics and Mechanics
New York University
New York, New York

Dear Professor Courant:

Thank you very much for your letter of April 15, 1952 to General Smith which he has asked me to answer. I am re-requesting the Chief of our New York Office to get in touch with you in the near future and explore possible ways in which you might be of assistance.

Your continued interest in our work is very much appreciated.

Sincerely,

SIGNED

Loftus E. Becker
