MEMORANDUM FOR THE RECORD

SUBJECT: Lieutenant General Vernon A. Walters

At the request of Karl Wagner, I telephoned George Framptom on the staff of Archibald Cox on 26 June 1973. I advised Mr. Framptom that General Walters planned to take about a three-week trip out of the country shortly after Mr. Colby is confirmed. I indicated it is expected that General Walters would leave about the middle of July and would be abroad for approximately three weeks. I advised Mr. Framptom that we were bringing this to Mr. Cox's attention to see if this would be an inconvenience in connection with their ongoing investigation. Mr. Framptom advised on 28 June 1973 that it had been determined that this would cause no problem. He thanked me for being in touch.
