Subject: query

Hi Jennifer,

I need to check if another person was employed by the CIA or a contractor for the CIA and for what dates.
The individual is Louis Jolyon West
He was born in 1924, I dont have a month and day for him right here.

Thank you so much for your help on this. I am fairly certain of his employment by the agency given the papers in his personal archive but just wanted to be able to narrow down the dates. It's not for the Washington Post, it's for a book project. I am assisting the author in fact checking the book.

Thanks so much for your help.
